

Aliya Beside the Seaside

Israel's vibrant go-go-go lifestyle makes for an attractive retirement destination. And being stuck at home during the pandemic has propelled many 65-plus people all over the world to "seize the day" and make Aliyah, with the hope of relishing the beach, reuniting with family, and becoming part of an active community.

But picking up and moving halfway across the world to Israel is not without challenges: emotional, bureaucratic, and logistic. Now Oranim Group, an Israeli Real Estate Development Company, is stepping in to ease the transition with the launch of Oranim Club Sixty Five, a seaside luxury resort and unique community. "Oranim Group has been developing seafront Real Estate for over 30 years and while many clients purchase our properties they don't usually make Aliya, says Shira Oren Nahmias, Deputy CEO. "We realized that moving countries is especially difficult without a supportive social structure, so we created Oranim Club Sixty Five to enable Aliya straight into a warm,

embracing community in an elegant sea front home."

The attractive concept promotes living every day the vacation way. Club Sixty Five provides all the amenities of a world-class resort: concierge and laundry services, extensive spa facilities, gorgeous swimming pools for friends and family, banquet halls, a bridge club, art studio, cultural events, a synagogue, and round-the-clock activities, all with the sea as backdrop. Residents are invited to celebrate special events like bar mitzvahs or birthdays in the banquet halls, private rooms, or the synagogue.

The flagship location will debut shortly on the Rishon LeZion seafront. Rishon LeZion, a beautiful city along Israel's central coastal plain, is a 15-minute drive from Tel Aviv, 20 minutes from Ben-Gurion Airport, and 45 minutes from Jerusalem.

At Oranim Club Sixty Five there is something for everyone, from retirees to entrepreneurs. Stylish offices, business centers, and lounges provide posh meeting places and fabulous networking opportunities.

Culture beats at the heart of our Club: lectures, shows, music, and performances provide endless good vibes. Our cafés and restaurants focus on fresh, seasonal, local, healthy produce turned into

scrumptious dishes every day. Future resident from Seattle explains, "I want to enjoy seeing my grandchildren grow up, and I want to maintain my active lifestyle. I swim every morning and keep to a healthy diet. I can't wait to live near the beach."

Oranim Club Sixty Five covers all the bases of wellness and wellbeing: sandy white beaches are only steps away; a state-of-the-art gym, daily exercise classes and sports activities are available, together with a wet and dry sauna, Jacuzzi, and spa facilities. Members can relax in luxury and live in an embracing community while enjoying the beauty and vitality of Israel.

"One of the greatest advantages of Oranim Club Sixty Five is that it facilitates an easy transition from 'home to home' with no irrevocable commitment; anyone can experiment with living by the sea knowing that they can end their membership at any time," says Nahmias. "Deposits are fully refundable, minus an annual discount of approximately 4%."

Join as full-time residents, or make Club Sixty Five your summer escape, and experience the "joie de vivre" of waking up every day in your stunning home on an Israeli beach.
